Joyful stories from dominant women and submissive men talking about how they found each other and what happened next.

**** Includes access to an exclusive pre-release copy of Happy Femdom Stories Volume 2 **** The authors share very personal accounts of meeting their F/m partners, building their femdom relationships, and how it feels to be living in femdom relationships with the ones they love. Some are budding new romances, some are over 20 years in the making, some will soon marry. All of their stories are unique, intimate, and fascinating. These genuinely positive and uplifting experiences from real people involved in different kinds of F/m relationships have been gathered gathered from people who live them. Their bright shiny stories show us possibilities and give us hope, and if that's not important, I don't know what is.
