Dream Dawson has always been the kind of girl that every guy wanted and every girl seemed to envy. Being the daughter of Eli Dawson, one of California's most notorious drug lords, comes with its ups and downs, but it also comes with a lot of drama. Dream didn't ask to be the daughter of a drug lord, nor did she ask to fall in love with his enemy's son, but that's exactly what happened when she met Salvatore King. Salvatore King, known commonly by King, the son of Big Sal, is just the product of his father's immaculate drug empire. An empire his dad expects him to run, but King has his sights set on being the next Steph Curry with his flaw basketball skills. King does his best to remain focused and stay out of trouble, but trouble always seems to find him, especially when he finds himself falling in love with Dream. Every girl dreams of a fairytale love with the perfect ending, and Dream believes that she may have found hers with King, but we all know that you can't have a love without tragedy. Will Dream and King's love affair have the perfect ending, or have they seemingly found the type of love worth dying for? You've never read a Romeo and Juliet, Forbidden Fruit, Tony & Maria: Westside Story type love quite like the love that Dream and King share! Get ready to explore a love like no other when you read My California King: Dream & King Love Story!
