Movie stars aren't always picture perfect, especially when it comes to secrets from their past... Full of sex, secrets and scandal, *Picture Perfect* is the scintillating new novel from Kate Forster. Zoe Greene manages the careers of Hollywood's biggest stars. She'll do anything to help them – and herself – get ahead. Actress Maggie Hall has been America's sweetheart for nearly twenty years. And she's about to learn that there are two things in life you just can't fight: growing older and falling in love.

Dylan Mercer – young, beautiful and defiant – has run away from New York to try her luck in Hollywood. She's not after fame and fortune, though. Dylan's on a quest to find her birth mother. All three women are swept up in the search for the actress who will score the role of a lifetime. But ambition and desire can bring out the worst in people. And in a town built on illusions, believing you can escape your past might just be the biggest deception of all.
